PITTSBURG COAL.—Leave orders this week for Pittsburgh coal, at our office.

ANDERSON & BRINGHURST.
May 17, 1873-2w.

GOLD is lower in New York, declining on the 22d from 117 1/2 to 117 1/4.

TENNESSEE BONDS closed in New York on the 22d at 81 1/2 for the old issue and 81 for the new.

MR. ADOLPHUS MEIER, Jr., of the house of H. H. Meier & Co., Bremen, is in the city attending to the interests of his house at our tobacco sales.

THE Bowling Green (Ky.) Democrat will appear in a new dress in a short time. It is an excellent paper, and we wish it great success.

OUR friend, Jap. Waggoner, is at present in the city, on a visit of business and pleasure. We are glad to see that time deals lightly with Jap, who still retains his good looks.

J. FROELICH, at his new store, has on hand an elegant stock of clothing, notions, etc., which he will sell as low as any other man. He will have a new advertisement next week.

NEW POST OFFICE.—A new post office has been established at Iron Valley, on the line between Clarksville and Dover, Tenn. It is now open.

LAND in London is worth \$8,500,000 per acre.

OUR hopes in that direction are frustrated, as we can only negotiate for a truck patch.

McCOMB has made a general reduction in the prices of pictures to suit the times. This is now the cheapest as well as the best Picture Gallery in Clarksville.

may 24-4f.

OUR ERIN correspondent informs us that Messrs. Baugh & Bro., who are running a saw mill on Well's creek, near Erin, have taken a contract to furnish McKelvey & Co., of this place, with fifty thousand feet of oak timber for their plough factory.

The contract for the building of the Truck House for the Hook and Ladder Company has been given to Messrs. G. B. Wilson & Co., and the work will be commenced at once. The contractors expect to finish it in six weeks. The cost will be \$2,040.

FROM the various reports furnished by members of the press and others who attended the meeting of Knights in our city, all speak in glowing terms of the hospitality of our citizens and the magnificent banquet furnished on that occasion.

MORE THIEVING.—Some person or persons broke into the kitchen of our neighbor, H. P. Dorris, on the Charlotte, Pike, last Wednesday night, and carried off a barrel of meal, a lot of soap, coffee, buckets, etc. To save the family some trouble they also milked their cow before leaving.

We learn from the Gallatin Tennesseean that D. Manning, who was arrested here some two weeks since, and afterwards released on a writ of *habeas corpus*, and again arrested in Kentucky, had to fork over the sum of five hundred dollars to get out of the little scrape which his transactions had got him into.

THE splendid steamer, Ada Heilmann, is making her regular trips between Cairo and Nashville, passing this place on time usually, and carrying a great many visitors to the exposition. She is a good boat, with most excellent officers, and all who travel on her speak in terms of highest praise of all connected with her.

INVITATIONS have been issued by the young ladies of the Art Department of the Female Academy, for an Art Levee, to be held at that institution next Friday evening, the 30th inst. Hours from 8 to 11. This will be a rich treat to the lovers of Art, and we presume, will be largely attended by those who have been so fortunate as to receive invitations.

Mrs. LUCY ANN SMITH, the estimable mother of our friend Mr. Fred. Smith, died in this city last Monday. In all the relations of life she acted well her part, and has gone hence with the blessed assurance of the life which is to come. Her husband and children have the sympathy of our community in their sad bereavement.

A PART of our Hook and Ladder Boys, by request, visited Trenton this week to assist the young ladies of that place in the performance of "Ten Nights in a Bar Room." The piece was presented on Wednesday night to a crowded house, and its rendition gave universal satisfaction. All enjoyed the "golden opinions" from the delighted audience. The boys returned on Thursday morning about five o'clock, looking "rather the worse" for their night's ride, but much pleased with the hospitality of Trenton.

HORRIBLE ACCIDENT.—On the night of the 16th inst., a man named John Geurin was run over and killed by train No. 2, near Erin. His head, arm and leg were severed from the body. An inquest was held next morning, and elicited the information that the unfortunate man had been brother living at Erin, and his father resided at Cumberland Furnace. He was about thirty-five years of age and an unmarried man.

THE CROPS.—We learn that wheat generally, is promising in appearance, though fears are entertained that the heavy April frosts did mischief that is not yet developed. The abundant crop of cut worms has prevented a good and even stand of corn which, where undisturbed, presents a healthy and vigorous appearance. In some localities, the frost has occasioned great scarcity of tobacco plants which may interfere with early planting and diminish the acreage proposed to be planted. On the south-side of the Cumberland, we are told that plants are superabundant, and in growth, are in advance of the preparation of the hills for their reception. The prospect, on the whole, is fair for a good crop of grain and tobacco.

It is with regret that we announce the death of W. M. Orain, which occurred in this city, at half past nine o'clock last Sunday night, the 15th inst. He was a gallant soldier during the late war, having served for four years with the 49th Tennessee regiment. Since the war he had proved an able and efficient civil officer, having been Deputy under Sheriff Reid for some time and for the past eight months was Jailor of this county. He had many warm personal friends who deeply deplore his death, cut off as he was in the prime of vigorous manhood. He leaves a wife and six children to whom we tender our deepest sympathy in this bereavement.

ACCIDENT.—As Mr. W. M. Long, agent of the Singer Sewing Machine, was driving from Third street in his Franklin, his horse became frightened, and starting suddenly, jerked the lines from Mr. Long's hands, entangling them around his feet. A sudden turn threw him from the wagon, his head striking first. An ugly but not deep gash was cut in his forehead, and the wheels passed over his legs bruising them slightly. Some gentlemen who were near seized the horse, thus preventing any serious termination to the accident, which might otherwise have occurred, as his feet were still entangled in the lines.

THAT fatal destroyer, consumption, has again invaded the home of our friend, John Edmondson, of this county, and snatched a lovely daughter from the hearthstone. Miss MOLLY was an accomplished, amiable young lady, and more than all, she was a devoted Christian. She held a place in the affection of both old and young. To her disconsolate father, brothers, sisters and friends, we offer this consolation—MOLLY has gone to a brighter, happier sphere, to dwell with God and the angels. She cannot return to you, but it is your blessed privilege to meet her again where parting is unknown forever.

MR. HEIGHT, of the Murfreesboro News, in concluding his report of the meeting of the Knights in this city, says:

We are requested by the Murfreesboro Commandery, to return to the Clarksville Commandery and the citizens, their warmest thanks for the generous hospitality bestowed upon them while in their city, and we, individually, extend to Mr. John Moore (of the firm of Owen & Moore), and his estimable lady, our heartfelt gratitude for the courtesies shown while we were their guests.

We learn from the Nashville papers that the display of photographic art made by our resident artist, McCormac, at the Exposition, won the admiration and praise of the vast crowds in attendance. If any city has an artist in this line, that can beat Mr. McCormac, we would like to take a look at him—our eyesight is failing, and think such a show would be of advantage to our vision.

R. MAINHARDT bought and shipped from New York a second stock of spring and summer goods for Bloch & Bro., and then sailed for the far off Fatherland. Robert will visit the home of his youth, the Vienna Exposition, etc. May he have a pleasant trip and safe return.

ARCHIE THOMAS, of the Springfield Record, although, being pressed with business upon his arrival home from the Press Association, found he had gained nine pounds during his absence. Success to you and household, Archie.

McCOMB's Gallery, opposite the Court-house—the Best and Cheapest view in the city. He is making four nice pictures for one dollar, and every one wanted to give satisfaction.

may 24-4f.

THE debate upon Spiritualism between Moses Hall, of Boston, and Rev. W. P. Harrison, of Atlanta, Ga., commenced at Nashville on the 18th inst. The debate is to continue not more than ten nights.

PERSONAL.—We learn from the Senobia (Miss) Signet that our young friend, M. A. Lowe, has located in that place, and is practicing law there. He deserves success, and we hope will win it in his new field.

GRANT, from present appearances, will "fight it out on this line all summer," before he exterminates the Moslems. Why not call out 75,000 troops, Mr. President, and claw them out and be done with it.

SEVERAL young bloods who had a view of the specimen at the Exposition from the lava beds, think seriously of going over to help whip Capt. Jack. Go on, boys, being scalped won't hurt you much.

MR. ROBERTS has postponed the sale of his lots in this city to Thursday, 29th inst. Sale to take place at 11 o'clock, at the court house.

You can have four elegant pictures made and handsomely colored for one dollar at McCormac's. Call up and see how they look. Gallery opposite Court-house, may 24-4f.

WE see a call, signed by many persons, in the Hopkinsville Conservative, to return Hon. J. A. McKenzie, of Christian, to the Senate. Kentucky could not send a better man.

ANY lack of interest in our local department must be accounted for on account of the absence of one and sickness of another, who got up items.

BORROW is endeavoring to rival New York in swindling operations.

NEW ADVERTISEMENTS.
N. D. Northington is prepared to furnish wood and sand to every body, in quantities to suit purchasers.
The Western Telegraph College, of Nashville, has an advertisement in to-day's paper.
R. D. Reed, Ranger, advertises a stray mare, in this issue.
B. F. Conter has a half column notice enumerating a part of the attractions of his mammoth stock.
B. O. Keese advertises for wool, for which he will pay the market price in cash.
S. Oppenheimer wants 20,000 pounds of wool, and 5,000 pounds of ginseng, for which he will pay the highest cash price.

OUR RAILROAD CONNECTIONS.

DEAR CHRONICLE: Will you permit me to make an enquiry through the columns of your paper, of our worthy superintendent, Mr. Meek, as to how long the present disagreeable arrangement of the connections at Guthrie City will continue. Parties going to, or coming from, Nashville or Evansville, have to wait at Guthrie for four to six hours, and owing to the lonely and dismal appearance of the place, this time is felt to be more than doubled. If it is possible that a change can be made so as to effect closer connections than are made at present, it will be very gratifying to the traveling public and to this community.

If a change can not be made, I would suggest to some of our lively stable men to start a stage line between Clarksville and Guthrie City, to make close connection at the latter place with trains for Nashville and Evansville. It will undoubtedly pay. A pleasant ride of two hours will land you at Guthrie, which is more desirable than lounging about whisky shops and frog ponds. Were it not for the hotel accommodations being good, the idea of a trip to Nashville or Evansville via Guthrie would be more annoying than one to the Vienna Exposition. If anything can be done to facilitate regular connections by rail, friend Meek, please render your kind assistance. As your disposition to do general good is well known, I hope better arrangements will be effected at that place.

Yours with respect,

TRAVELER.
CLARKSVILLE, May 19, 73.

THE CHARM OF VIENNA.
Bayard Taylor writes to the New York Tribune as follows:

Vienna always was an expensive city, and it now shares in that rage for speculation which has inundated all Germany within the last two years, and is fast making an honest and comfortable existence as difficult as in the United States. The people there are infected with a mania for getting rich between the 1st of May and the 1st of November. No art, great or small, is left unemployed in the general mania for emptying the pockets of the hundreds of thousands of strangers who are expected. The cheerful and cordial attention which one used to find in the hotels is temporarily lost; while the lack of system, the easy, convenient ways of the people, to whom one soon adapts himself in ordinary times, become a serious difficulty in these crowded and impatient days.

This is DeBlane, the Louisiana patriot, as photographed by the Picayune: "Col. Alcibiades DeBlane, now commanding citizens soldiers in St. Martin's Parish, was in nearly every battle in Virginia, serving with distinction, first as Captain and subsequently as Colonel of the High Louisiana Regiment, under Stonewall Jackson. A man of great determination, coolness and courage, and very influential in his native State. He is now 55 years of age, and enjoys excellent health. In personal appearance he is of small stature, black complexion, dark eyes and brown hair of a curly type, dignified in carriage. He was wounded in both hands at the battle of Gettysburg, crippling and stiffening the fingers."

POSTMASTER Gen. Cresswell has decided that Masonic and other organizations who desire to use the postal cards as a medium of notice, to the respective members of assessments and dues, with a request that the card be returned with a remittance, can, upon the receipt of the same, remain the card to the original address as receipt by stamping or indorsing it "paid" and affixing to the card a one cent adhesive stamp.

THE Paducah Kentuckian of the 16th inst. says: "Quite a sensation was created yesterday at the Fair, being developed that there was brown henna, three miles from Paducah, Mr. Brane was offered two hundred dollars for a pair of half of his farm, but after talking with a friend declined to take it."

THE annual grand convocation of the grand commandery of the State of Mississippi meets in Jackson on the twenty-second inst. Colonel J. O. A. Fellows, of New Orleans, Grand Master of Templars in the United States, will pay an official visit. The Sir Knights of Jackson are preparing a grand banquet in honor of the occasion. There are thirteen commanderies in the State, and a representation of all of them is certain.

Under a law of Congress, cavalry officers of thirty years service are also retired. This has already led to considerable embarrassment, as officers of experience are thus excluded from participating in the troubles on the borders. This is considered another evidence of the inefficiency of Congressional tinkering in military affairs.

THE Syracuse Manufacturing Company is having the foundations for a new manufactory laid in Cheatham County, the capacity of which will be two hundred and fifty kegs of powder per day. The structure is to be of the present mills is seventy-five kegs per day.

A RECENT severe frost in the wine district in France resulted in serious injury to the vines. In Bordeaux, Burgundy, and Lyons, the disaster, it is feared, will be very serious. The prospects of the champagne vintage are imperiled.

FROM the Hopkinsville New Era we learn from Trigg and Caldwell counties that the tobacco plants are late and backward, though generally looking vigorous; the crop is promising well, and will require much replanting, and almost all the fruit is destroyed.

Gen. Frank Gardner, C. S. A., the defender of Port Hudson, died April 23, at Lafayette, Ala., aged 50. He was born in New York, graduated at West Point, appointed in the army in 1842, and resumed (brave) Captain in 1871 to join the force in rebellion.

The balances in the Treasury on the 17th were: Currency, \$51,381,338; special deposit of legal tenders for redemption of certificates of deposit, \$1,280; coin, \$74,063,819, including coin certificates, \$20,201,400.

WANTED.
20,000 pounds of Wool and 5,000 pounds of Ginseng, for which I will pay the highest cash price.
S. OPPENHEIMER.

DIED.

On the 18th inst. In Todd county, Ky. Mrs. MARGARET BROCKMAN, in the 57th year of her age.
In this city, on the 18th inst. of consumption, Mrs. LUCY ANN SMITH, wife of Fred. L. Smith, in the 40th year of her age.
In this county, on the 11th inst. MARION McCLURE, infant daughter of Mr. and Mrs. F. H. Henry, aged 8 months.

In this city, on the 18th inst. of consumption, Miss MOLLY Edmondson, in the 24th year of her age.

The Gem of the Toilet.

The world says to Soapstone. It renders the teeth pearly white, gives to the breath a fragrant odor, extinguishing the ill-humors which usually flow from a bad and neglected set of teeth. Soapstone is so convenient, and produces a sensation, at once so delightful that it makes it a pleasure to use it.
